

Minnesota Statutes 2002, Table of Chapters

Table of contents for Chapter 192

192.502 Protections.

(a) A member of the Minnesota national guard or any other military reserve component who is a student at a post-secondary education institution and who is called or ordered to state active service in the Minnesota national guard, as defined in section 190.05, subdivision 5, or who is called or ordered to federal active military service has the following rights:

(1) with regard to courses in which the person is enrolled, the person may:

(i) withdraw from one or more courses for which tuition and fees have been paid that are attributable to the courses. The tuition and fees must be credited to the person's account at the post-secondary institution. Any refunds are subject to the requirements of the state or federal financial aid programs of origination. In such a case, the student must not receive credit for the courses and must not receive a failing grade, an incomplete, or other negative annotation on the student's record, and the student's grade point average must not be altered or affected in any manner because of action under this item;

(ii) be given a grade of incomplete and be allowed to complete the course upon release from active duty under the post-secondary institution's standard practice for completion of incompletes; or

(iii) continue and complete the course for full credit. Class sessions the student misses due to performance of state or federal active military service must be counted as excused absences and must not be used in any way to adversely impact the student's grade or standing in the class. Any student who selects this option is not, however, automatically excused from completing assignments due during the period the student is performing state or federal active military service. A letter grade or a grade of pass must only be awarded if, in the opinion of the faculty member teaching the course, the student has completed sufficient work and has demonstrated sufficient progress toward meeting course requirements to justify the grade;

(2) to receive a refund of amounts paid for room, board, and fees attributable to the time period during which the student was serving in state or federal active military service and did not use the facilities or services for which the amounts were paid. Any refund of room, board, and fees is subject to the requirements of the state or federal financial aid programs of origination; and

(3) if the student chooses to withdraw, the student has the right to be readmitted and reenrolled as a student at the post-secondary education institution, without penalty or

redetermination of admission eligibility, within one year following release from the state or federal active military service.

(b) The protections in this section may be invoked as follows:

(1) the person, or an appropriate officer from the military organization in which the person will be serving, must give advance verbal or written notice that the person is being called or ordered to qualifying service;

(2) advance notice is not required if the giving of notice is precluded by military necessity or, under all the relevant circumstances, the giving of notice is impossible or unreasonable; and

(3) upon written request from the post-secondary institution, the person must provide written verification of service.

(c) This section provides minimum protections for students. Nothing in this section prevents post-secondary institutions from providing additional options or protections to students who are called or ordered to state or federal active military service.
